No. A. 1-94—45-6. For the immediate benefit of the cattle owning public the Government of Mysore are pleased to sanction a scheme of artificial insemination and this Department has already started two such centres—One at the Veterinary Hospital, Bangalore City and another at Mysore City, with highly pedigreed bulls of Scindhi, Hallikar and Murrah buffalo breeds. The following are a few among the advantages offered by this new method:—

1. The off-springs will be of guaranteed purity and utility.
2. The method ensures uniformly good results irrespective of the number of cows and buffaloes brought for service and there is no fear of the services becoming ineffective from overuse of the bull.
3. The method is absolutely free from any harmful effects either on the cows or their progeny.
4. The cow or buffalo should be brought for service within 12 to 24 hours of coming to heat for guaranteed results.
5. No fee is charged at present.

GOVERNMENT OF INDIA.

MINISTRY OF AGRICULTURE.

New Delhi, dated 15th May 1948.

From

R. C. Sinha, Esqr., Under Secretary,
Ministry of Agriculture, Government of India.

To

All Provincial Governments, Administrations and Major Indian States (with five spare copies).

Subject:—Import of unmanufactured tobacco into India—Certificate of freedom from **Ephestia Elutella.**

Sir,

No. F. 7-16—46—P. P. S. I am directed to refer to the correspondence undermentioned regarding conditions under which imports of unmanufactured tobacco into India are permited. Under rule 8-B of the late Department of Education, Health and Lands Notification No. 520—35-A, dated the 20th July 1936, unmanufactured tobacco either raw or cured cannot be imported into India unless accompanied by (i) a general certificate of freedom from injurious insects and diseases and (ii) a special certificate of freedom from **Ephestia Elutella,** issued by a competent authority in the country of origin. In the case of imports from the United States of America, the Government of India however, agreed to accept the standard export certificate issued by the American Department of Agriculture with a qualifying notation to the effect "No **Ephestia Elutella** has been found". It has, however, been brought to the notice of the Government of India that consignments of tobacco have, of late, been found to be accompanied by fumigation certificates issued by private industrial concerns of the country of origin. In view of the risk involved in accepting such certificates, the Government of India would like to invite attention of all Provincial Governments, etc. that tobacco imported into India should invariably be accompanied by the requisite documents, as required under the existing orders, failing which the consignment are liable to be refused entry or destroyed. Fumigation certificate issued by private industrial concerns will not be accepted. I am, therefore, to request that wide publicity may be given to the orders regarding the

conditions under which import of tobacco is permitted and the importers concerned advised to adhere to them.

DEPARTMENT OF VETERINARY AND ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

Notification dated 31st July 1948.

No. A. 1-94—45-6. For the immediate benefit of the cattle owning public the Government of Mysore are pleased to sanction a scheme of artificial insemination and this Department has already started two such centres–One at the Veterinary Hospital, Bangalore City and another at Mysore City, with highly pedigreed bulls of Scindhi, Hallikar and Murrah buffalo breeds. The following are a few among the advantages offered by this new method:—

1. The off-springs will be of guaranteed purity and utility.
2. The method ensures uniformly good results irrespective of the number of cows and buffaloes brought for service and there is no fear of the services becoming ineffective from overuse of the bull.
3. The method is absolutely free from any harmful effects either on the cows or their progeny.
4. The cow or buffalo should be brought for service within 12 to 24 hours of coming to heat for guaranteed results.
5. No fee is charged at present.

The public are requested to unhesitatingly avail of this opportunity of improving their cattle wealth.

Subject:—Import of unmanufactured tobacco into India—Certificate of freedom from **Ephestia Elutella.**

Sir.

No. F. 7-16—46—P. P. S. I am directed to refer to the correspondence undermentioned regarding conditions under which imports of unmanufactured tobacco into India are permited. Under rule 8-B of the late Department of Education, Health and Lands Notification No. 520—35-A, dated the 20th July 1936, unmanufactured tobacco either raw or cured cannot be imported into India unless accompanied by (i) a general certificate of freedom from injurious insects and diseases and (ii) a special certificate of freedom from **Ephestia Elutella,** issued by a competent authority in the country of origin. In the case of imports from the United States of America, the Government of India however, agreed to accept the standard export certificate issued by the American Department of Agriculture with a qualifying notation to the effect "No **Ephestia Elutella** has been found". It has, however, been brought to the notice of the Government of India that consignments of tobacco have, of late, been found to be accompanied by fumigation certificates issued by private industrial concerns of the country of origin. In view of the risk involved in accepting such certificates, the Government of India would like to invite attention of all Provincial Governments, etc. that tobacco imported into India should invariably be accompanied by the requisite documents, as required under the existing orders, failing which the consignment are liable to be refused entry or destroyed. Fumigation certificate issued by private industrial concerns will not be accepted. I am, therefore, to request that wide publicity may be given to the orders regarding the conditions under which import of tobacco is permitted and the importers concerned advised to adhere to them.

Subject:—Import of unmanufactured tobacco into India—Certificate of freedom from **Ephestia Elutella**.

Sir.

No. F. 7-16—46—P. P. S. I am directed to refer to the correspondence undermentioned regarding conditions under which imports of unmanufactured tobacco into India are permited. Under rule 8-B of the late Department of Education, Health and Lands Notification No. 520—35-A, dated the 20th July 1936, unmanufactured tobacco either raw or cured cannot be imported into India unless accompanied by (i) a general certificate of freedom from injurious insects and diseases and (ii) a special certificate of freedom from **Ephestia Elutella**, issued by a competent authority in the country of origin. In the case of imports from the United States of America, the Government of India however, agreed to accept the standard export certificate issued by the American Department of Agriculture with a qualifying notation to the effect "No **Ephestia Elutella** has been found". It has, however, been brought to the notice of the Government of India that consignments of tobacco have, of late, been found to be accompanied by fumigation certificates issued by private industrial concerns of the country of origin. In view of the risk involved in accepting such certificates, the Government of India would like to invite attention of all Provincial Governments, etc. that tobacco imported into India should invariably be accompanied by the requisite documents, as required under the existing orders, failing which the consignment are liable to be refused entry or destroyed. Fumigation certificate issued by private industrial concerns will not be accepted. I am, therefore, to request that wide publicity may be given to the orders regarding the conditions under which import of tobacco is permitted and the importers concerned advised to adhere to them.

The following explosives are at present authorised for importation into the Mysore State for general sale :—

CLASS 1.—GUNPOWDER.

The term "gunpowder," means gunpowder ordinarily so called.

GUNPOWDER.

CLASS 2.—NITRATE MIXTURE.

The term "nitrate mixture" means any preparation, other than gunpowder ordinarily so called formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance, and includes any explosive containing a perchlorate and not being a chlorate-mixture, fulminate or nitro-compound, as defined in Rule 4 of tht Mysore Explosives Rules 1917.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium are used as ingredients, shall be contained in cartridge wrappers or cases (or in five pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water proofing material.

BOBBINITE.

CARDOX COMPOSITION.

CLASS 3.—NITRO-COMPOUND.

The term "nitro-compound" means any chemical compound possessed of explosive properties or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compond is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Every blasting explosive in this classs, in which nitrate of ammonium, nitrate of sodium or chloride of sodium or nitroglycol are used as ingredients, shall be contained in cartridge wrappers or cases (or in five-pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water-proofing material.

Blasting Explosives in this class marked "S" may be sheathed on the ou side of the cartridge but not at the ends with an approved sheathing material. The outer wrapper of any sheathed cartridge shall be sufficiently strong to prevent the escape of any of the sheathing material when the cartridge is submitted to the Jolting Test. If fireproofing material is used for the outer wrapper, it must not inter-act in any way with the sheathing material. Provided that when bicarbonate of soda is used as a sheathing material the cartridge shall be thoroughly water-proofed with paraffin wax or a mixture of ceresine and resin.

CLASS 4.—CHLORATE MIXTURE.

The term "chlorate mixture" means any explosive containing a chlorate.

The chlorate mixture class has two divisions.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium are used as ingredients, shall be contained in cartridge wrappers or cases (or in five-pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water-proofing material.

Division 1.

Division 1 comprises any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Nil

Provided that every explosive in this division shall be of such character and consistency as not to be liable to liquefaction or exudation of nitro-glycerine.

Division 2.

Division 2 comprises any chlorate mixture as hereinbefore defined which is not comprised in Division 1.

Nil.

CLASS 5.—FULMINATE.

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes) is especially dangerous.

This class consists of two divisions.

Division 1.

Division 1 comprises such compounds of the fulminates of silver and of mercury, and preparations of those substances such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus or certain descriptions of compounds of phosphorus, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur or with a sulphuret with or without carbonaceous matter.

Nil.

Division 2.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, the nitrate of diazobenzol, lead azide and tetrazene.

CLASS 6.—AMMUNITION.

The term "ammunition" means any explosive of any of the foregoing classes when the same is enclosed in any case or contrivance, or is otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon or any other weapon, or to form any safety or other fuse for blasting or for shells, or to form any tube for firing explosives or to form a percussion cap, detonator, fog signal, shell-torpedo, war-rocker or any other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction and contains an explosive of the fulminate class in such quantity that the explosion of one capsule or case would communicate the explosion to other like capsules or cases.

The ammunition class has three divisions.

Division 1.

Nobel's Safety Electric Fuses.

Percussion caps, each consisting of a capsule or case of metal containing an explosive of the 5th Fulminate Class, not more than 0·5 grain, the said explosive being covered and protected by a coating of tin-foil or other material approved by the Chief Inspector of Mines and Explosives in Mysore and the said capsule or case not containing an anvil; provided that where the proportion of fulminate of mercury in the composition does not exceed 25 per cent, the above limit may be increased to 0·6 of a grain. Provided also that the whole is of such strength and construction that the ignition of one such cap will not ignite other like caps.

Railway Fog-Signals, of such strength and construction and containing an explosive in such quantity that the explosion of one such signal will not communicate the explosion to other like signals.

MISCELLANEOUS DEPARTMENT

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH IN MYSORE, BANGALORE.

Copy of letter No. M. 14152-4—P. H. 105-47-2, dated 15th March 1948, from the Secretary to Government, Education Department, to the Director of Public Health in Mysore, Bangalore.

I am directed to forward herewith a copy of Note and forms regarding the adoption of International forms of certificates for vaccination against small-pox and inoculation against cholera and yellow fever and to request you to issue necessary instructions to the Medical Authorities in the State to bring the forms now prescribed into use immediately.

NOTE regarding the adoption of international forms of certificates for vaccination against Small-pox and inoculation against cholera and yellow fever.

According to international requirements, certificates of inoculation and vaccination against cholera smallpox, typhus and yellow fever must be in the internationally prescribed form. Copies of prescribed forms can be obtained from the nearest Administrative Medical Officer. These forms should be filled in by the passenger's doctor very carefully to see that all items have been accurately completed as any defective or incomplete answers to the various items may result in the certificates not being recognised by the countries of transit and destination, and the passenger may, in consequence, be placed in quarantine. It is very important, for instance, to put in the "origin and batch number" of vaccine used and in the case of smallpox vaccination to record the date and the result of inspection of vaccination in one of the terms prescribed at the bottom of the certificate. The prescribed forms also show the minimum and maximum validity periods of such certificates and passengers should ensure that their certificates are within the prescribed time limits.

2. Considerable difficulty has been experienced recently by Indian passengers going abroad on account of their inoculation and vaccination certificates being found defective by the countries of destination. It is therefore essential in the interest of the passengers themselves to see that they carry with them certificates on the prescribed forms which have been carefully completed by their doctors.

3. As regards certificates of inoculation against yellow fever, the medical profession and the public are hereby warned that on account of certain technical difficulties in the storage and administration of yellow fever vaccine, this vaccine is not available to the doctors or the public and certificates cannot be issued in India by anyone except by the following 5 (five) Government centres of inoculation.

1. Haffkine Institute, Bombay.
2. All-India Institute of Hygiene and Public Health, Calcutta.
3. King Institute of Preventive Medicine, Guindy, Madras.
4. Central Research Institute, Kasauli.
5. The Provincial Public Health Laboratory, New Delhi.

Vaccinations should be arranged, by appointment, with the nearest of these centres where internationally recognised certificates on the precribed form will also be issued. The Government of India propose to take legal action against any unauthorised issue of yellow fever certificates. The Medical profession are therefore warned not issue yellow fever vaccination certificates under any circumstances whatsoever and to direct passengers requiring such certificates to one of the above mentioned centres.

Copy of letter No. M. 1303-5—P. H. 105-47, dated 19th July 1948, from the Education Secretary to Government to the Director of Public Health.

Subject.—International certificate of vaccination and inoculation—adoption of.

In continuation of this office letter No. M. 14152-4—P. H. 105-47-2, dated 16th March 1948, on the above subject, I am directed to forward herewith a copy of letter No. F. 8-11—46-P.H. (II), dated 28th April 1948, from the Ministry of Health received with letter No. F. 52—G. 48, dated 12th May 1948, from the Secretary to the Government of India, Ministry of States.

Copy of letter No. F. 62-G.—48, dated 12th May 1948, from the Assistant Secretary to the Government of India, Ministry of States, New Delhi, to the Chief Secretary to the Government of Mysore, Bangalore.

International certificate of vaccination and inoculation—adoption of.

In continuation of this Ministry's letter No. D. 1188-G.—48, dated 13th February 1948, I am directed to forward a copy of letter from the Ministry of Health No. F. 8-11—46, P. H. (II), dated the 28th April 1948.

Copy of letter No. F. 8-11—P. H. (II), dated the 28th April 1948, from the Ministry of Health, Government of India, to all Provincial Governments and Administrations. (Except Andamans).

International certificates of vaccination and inoculation—adoption of.

I am directed to refer to this Ministry's letter dated the 12th December 1947, regarding the use of the international forms of certificates of inoculation against cholera and of vaccination against small-pox as prescribed in the International Sanitary Convention, 1944, and the International Sanitary Convention of Aerial Navigation, 1944. An extract from the report of the "Expert Committee on Quarantine" of the United Nations World Health Organisation is given below:—

"It is in the interest of the traveller to present as trustworthy a certificate as possible. The Committee recommends that health authorities should accept as valid and consequently exempting the bearer from further re-vaccination and quarantine restrictions, the form of international certificate when completed by a Medical Officer in Government or municipal service or in a Government approved institution. The Committee recommends that certificates not so authenticated are not to be considered invalid but may be accepted under the terms of Article 42 of the 1926 and 1944 International Sanitary Conventions by Health Authorities of the port of arrival."

2. From the above it will be observed that although private registered medical practitioners are not debarred from issuing international certificates, yet definite preference is given by international health authorities and also by foreign Governments to those certificates which have been issued by Medical Officers in Government or municipal employment. The Government of India are aware of many instances where the health authorities of foreign countries do not pay much attention to certificates issued by private doctors, unless they are authenticated by Government or Municipal Medical Officers. Such authentication is impracticable as the countersigning officials have little or no knowledge about the actual genuineness of the certificates presented for countersignature. There is wide-spread tendency amongst countries to be very strict in the matter of international certificates of vaccination and inoculation, and to demand a guarantee that the certificates carried by a country's nationals are vouchsafed by that country's Government in some manner. These requirements are, of course, not peculiar in respect of certificates from India, but are universally applicable to certificates from all countries.

3. I am, therefore, to request that the Provincial Government should take steps to provide comprehensive facilities to travellers from India going abroad to obtain all vaccinations and inoculations and the appropriate certificates, at Government or municipal controlled institutions and to make these facilities known to the public by giving them wide publicity.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE, BANGALORE.

Circular dated 31st August 1948.

No. 2—C. S. It is regrettable that the appeal for liberal donations to the Indian Red Cross Society (Mysore State Branch) has not received proper attention. It is unnecessary to state that the Red Cross Society has made appreciable progress in the Development of Maternity and Child-Welfare. The State Branch is devoting special attention for extending these facilities to the rural parts. Owing to the heavy influx of the refugees, the relief work of the Society has become complicated and the financial aid felt very acutely.

It is, therefore, requested that all the Co-operative Institutions should subscribe liberally out of the net profits every year, towards this cause. To make an earnest beginning, the societies may remit a portion of their funds earmarked for charitable purposes, to the Honourable Treasurer, Indian Red Cross Society, (Mysore State Branch) Vanivilas, Road Bangalore 4.

OFFICE OF THE CHIEF INSPECTOR OF MINES AND EXPLOSIVES IN MYSORE, OORGAUM.

Notification dated 25th September 1948.

Instances have come to the notice of this Department where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses do clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the local Police authorities. This notice is published for general information in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Government in their Notification No. D. 2814—Geol. 66-28-25, dated 9th September 1930, have prohibited, within the Mysore State, the manufacture, possession and importation of any explosive consisting of or containing sulphur or sulphuret in admixture with chlorate of potassium or any other chlorate.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas"—throwdowns or small bombs—consisting of a mixture of potassium chlorate (ಪಟಾಸ್ ಉಪ್ಪು) and Arsenic or Antimony Sulphide (ಮೊಣಶಿಲೆ ಹರಿದಳ) or Sulphur (ಗಂಧಕ) have come to the notice of this Department resulting in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property.

The mixture constitutes a highly dangerous explosive which is sensitive to friction, force (blows) and even liable to ignite spontaneously.

As this firework composition is mostly used during Deepavali and Shaban festivals, timely warning is hereby given to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be punished according to Law.

K. DURAISWAMIER,
Chief Inspector of Mines and Explosives in Mysore.

OFFICE OF THE CHIEF INSPECTOR OF MINES AND EXPLOSIVES IN MYSORE, OORGAUM.

Notification dated 25th September 1948.

Instances have come to the notice of this Department where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses do clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the local Police authorities. This notice is published for general information in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Government in their Notification No. D. 2314—Geol. 66-28-25, dated 9th September 1930, have prohibited, within the Mysore State, the manufacture, possession and importation of any explosive consisting of or containing sulphur or sulphuret in admixture with chlorate of potassium or any other chlorate.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas"—throwdowns or small bombs—consisting of a mixture of potassium chlorate (ಪಟಾಸ್ ಉಪ್ಪು) and Arsenic or Antimony Sulphide (ಮೆಣಸಿನ ಹರಿದಳ) or Sulphur (ಗಂಧಕ) have come to the notice of this Department resulting in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property.

The mixture constitutes a highly dangerous explosive which is sensitive to friction, force (blows) and even liable to ignite spontaneously.

As this firework composition is mostly used during Deepavali and Shaban festivals, timely warning is hereby given to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be punished according to Law.

K. DURAISWAMIER,
Chief Inspector of Mines and Explosives in Mysore.

(Press Note.)

DISTRIBUTION OF TEXTILES.

No. T1.—2272—48-49. It is hereby notified for the information of the public that with a view to restricting the rise in prices of cloth and yarn, and to make available the above, to the consumer at controlled rates, the Government of India have announced their Textile Policy on the main features of the policy are that control over production in the Mills and the fixation of ex-Mill prices rest with the Textile Commissioner, Bombay, and the Provinces and States are allowed to fix the margin of profits to the various classes of dealers and to arrange the distribution through such agency as the Provincial or State Government may consider suitable in their respective areas.

2. On the lines of the legislations passed by the Central Government the following Acts have been passed in Mysore to give effect to the future Textile Policy in Mysore State.

1. The Mysore Textile (Control) Order, 1948.
2. The Mysore Cotton Cloth Dealers' (Licensing) Order, 1948.
3. The Cotton Yarn (Control of Distribution) Order, 1948.

3. The Government of Mysore have decided to arrange distribution of cloth and yarn through the usual trade channels and have retained three links in the chain of distribution *viz.*, Procurers, Wholesale Dealers and Retailers. Wherever it is found necessary and feasible, services of well organised Co-Operative Societies will also be made use of.

4. A procurer cannot be a wholesale dealer and *vice versa*, and the dealers are not entitled to more than one margin of profit, where a procurer is also a wholesale dealer, as in the case of yarn, the party is entitled to wholesale margin only and the procurers' margin should be remitted to Government.

5. The procurers would procure the cloth and yarn from the Mills for which they have been appointed as procurers.

They are entitled to charge over ex-mills rates ½ centage which they have to remit to Government, 1½ per cent procurers, margin which they could retain for their services and ¼ per cent to cover handling charges. Thus when the goods, pass their hands, it should not exceed 2¼ per cent over ex-Mills prices in the case of goods of local mills. As regards procurement of cloth and yarn from mills outside Mysore State, they have to charge ½ centage which they should remit to Government and 2 per cent procurers' margin to be retained for their services and 2 per cent transport charges for moving the goods from outside stations to Bangalore. Thus in the case of goods from mills situated outside Mysore, it should not cost more than 4½ per cent over ex-mill rates when the goods leave the procurers' hands.

6. *Wholesale Dealers*:—The wholesale dealers are the class of dealers who receive bulk supplies from procurers as per allotment from the office and who in turn supply to the retailers linked to them. They are entitled to 3 per cent over ex-mill rates and ¼ per cent for handling charges. Thus they should charge over their purchase price (which should not exceed above the levels stated in para 5) and add 3¼ per cent and release the goods to the retailers.

7. *Retailers*:—The retail dealers who remove the goods from the Wholesale Dealers and arrange distribution to the consumers, are entitled to 9 per cent calculated on ex-mill rates. Where a wholesale dealer delivers cloth or yarn to a retailer in the centre of distribution instead of from his godown, he is entitled to 1¼ per cent extra of ex-mill rates to cover the transportation charges. When a Retailer attached to a Wholesale Dealer elects to purchase goods from the Wholesale Dealers, ex-Godown, the Wholesale Dealer should not claim 1¼ per cent but the Retailer should be entitled to charge the same on the consumers in addition to the margin of profit allowed to him *i. e.*, 9 per cent. When the goods are delivered to Retailers within the limits of Bangalore City and C. &. M. Station neither the Wholesale dealers nor the retailers charge the 1¼ per cent transport charges. In effect, the maximum retail selling price should not exceed 15¾ per cent and 18 per cent over ex-mill prices in respect of local and outside Mysore goods respectively exclusive of octroi and sales tax, and other taxes in force in places outside the limits of Bangalore City and C & M Station.

8. The maximum selling price should not exceed 14½ per cent and 16¾ per cent over ex-mill prices in respect of local and foreign mill goods when sold in Bangalore City and C & M Station.

9. While calculating the percentage of margins, or expenses allowed to each class of dealers, the percentage should be calculated on ex-mill rates and not on the purchase price.

10. *Selection of Retailers*.—The Deputy Commissioners of each district have been requested to furnish a panel of names of retailers on the basis of 5 dealers for each hobli within their jurisdiction. The list would be scrutinised in this office with the available records and final list would be prepared after eliminating such of those on whom there had been complaints during the previous controls such as hoarding, profiteering, black-marketing, smuggling, case of refusal to sell cloth and yarn, non-maintenance of records etc.

11. Since the number of retailers was unmanageable as it existed during the previous controls, it has become imperative to reduce the number to a manageable minimum.

12. When once the procurers, whole salers and retailers, are selected, the parties would be intimated to remit the License fee to the treasury to the head of account to be specified and to forward their applications to this office in the prescribed form (No. A. Schedule) as per the Mysore Cotton Yarn (Control of Distribution) Order, 1948, and form II of the Mysore Cotton Cloth Dealers Licensing Order, 1948, published in the Extraordinary Gazette dated the 4th September 1948. They should follow the form referred to above and no separate forms will be supplied from this office. The fee payable by the dieffrent classes of dealers as per Notification No. SD. 1756-C. 0. 3-48-1 dated 3rd/4th September 1948, Rule 6 of the Mysore Cotton Cloth Dealers' Licensing Order of 1948 and rule 4 of the Mysore Cotton yarn (Control of Distribution) Order, 1948, is as follows:—

Wholesale Dealers.	Rs. 100/- p. a.
Retailers.	15/- p. a.

13. *Method of Distribution*:—The distribution of yarn and cloth in Bangalore City and Civil Station area would be arranged by this office. The distribution in other places will be entrusted to the Deputy Commissioners of each District. The Deputy Commissioners have also been requested to suggest six names for each Taluk to form Taluk Advisory Committees to advise the distribution in each taluk as would be arranged by the Departmental staff.

2. Fees as shown in column No. 2 of the statement against the particular examination to which the candidates seek admission should be credited into a Mysore Government treasury in time for sending in the applications by **Registered Post** so as to reach the Secretary, Secondary Education Board, on or before the date mentioned in Column I, after which date *no applications will be received for that particular examination.*

The amount should be credited to a Government Treasury and the receipt obtained thereof sent along with the application form. No application will be entertained under any circumstances 15 days after the date fixed for a Public Examination.

3. *Fees sent in cash in any form will not be accepted.* Candidates living outside the State should make their own arrangements for paying application fees for the examination into a Mysore Government Treasury and send the printed application form with the Treasury receipt and seal thereon on or before the specified date.

4. All columns in the form of application should be carefully and accurately filled in. Applications found *defective in any respect* will be rejected and returned to the party and *request for refund of fees on the ground that the applications were rejected will not be entertained.*

5. 7. The fees once paid into the Treasury for admission to any Public Examination shall, on no account, be refunded but may be reserved for the very next examination only if the candidate was unable to sit for the examination on account of illness. This should be supported by a Medical Certificate from a Registered Medical Practitioner provided the application for such reservation reaches the Secretary, Mysore Secondary Education Board, Bangalore, before the commencement of the Examination for which the fees have been paid.

8. The Heads of Institutions sending up candidates for the Middle School or the Upper Primary Examination of 1949 are requested to send the applications arranged according to the instructions given in the statement sent along with the application forms.

9. A consolidated list of candidates, who are deficient in attendance calculated up to the end of February 1949, should be sent in the prescribed form, which will be supplied along with the application forms so as to reach the Secretary, Secondary Education Board, Bangalore, *not later than the* 5th March 1949. The attention of the Heads of Institutions is invited to Director of Public Instruction's Circular No. 1 of 1940-41—Edn. 64-3 of 1940-41, dated 11th July 1940, laying down rules regarding the cases to be recommended for exemption.

10. It is of utmost importance that the Heads of schools should not only advise the candidates to give their correct date of birth, *i.e.*, day, month and year, but also reconcile the dates given in the application form with those entered in the Admission Register of the School. The candidates should be made to give only the father's name (whether living or not), and not the guardian's name.

11. The Heads of High Schools sending up candidates for the S.S.L.C. Public Examination will kindly note the following points in connection with the preparation and submission of applications for candidature :—

(*a*) Candidates should be asked to give their *correct* date of birth, *viz.*, the day, month and year in the form of application *as entered in the form of application for admission to the school and in Admission Register* of the School without giving room for unnecessary correspondence in the matter. They should be advised to enter *only the father's name (whether living or not)* in the form of application and not the guardian's name.

(*b*) The Heads of Institutions should satisfy themselves that the entries in the S.S.L.C. card correspond with those in the form of application for admission to the examination in every respect and that the date of birth entered in the S.S.L.C. card corresponds with that in the admission register of the school.

(*c*) The Heads of High Schools should arrange the applications and the S.S.L.C. cards separately in the same order, *i.e.*, firstly, according to the second language chosen by them and secondly, in the alphabetical order under the several second languages. In no case should the application forms and the S.S.L.C. cards be mixed up, as this will lead to confusion while checking applications. The applications and S.S.L.C. cards of candidates who have been declared "Passed" in previous year should be separated from others and arranged in the same manner as stated above.

(*d*) The Heads of High Schools should also furnish a separate certificate to the effect that all the entries in the form of application and the S.S.L.C. card agree with those made in the admission register of the schools.

(*e*) A classified statement showing the names of candidates under "Ordinary" and "Supplementary" certificates, the several second languages and optional subjects offered by them should accompany the applications for candidature.

12. The admission tickets of candidates who appear for the several Examinations of 1949 by *private study* will be sent direct to the candidates concerned by ordinary post to the address furnished by them in their application for admission to the examination about 15 days prior to the date of the commencement of the examination to which the particular candidate has appeared. Private candidates are therefore advised to enter their postal addresses clearly in their application forms. *The Examination Office cannot undertake to note the changes in the address intimated after the applications are sent in* and it will not be responsible for non-delivery of admission tickets, etc., sent to the candidates concerned in consequence of the incompleteness or inaccuracy or change of the postal addresses furnished by them.

13. Applications for the Teachers' Certificate Examination—Secondary Grade—(Theory) from private candidates will not be accepted unless they had appeared for the examination and failed at least once. But teachers in recognised schools who have put in 5 years' service or more and who had no chance of being deputed for training by the department may be admitted to the examination by private study, subject to the condition that they possess the minimum general qualifications prescribed for the examinations provided that applications for admission to the examination are accompanied by certificates issued by the Inspecting Officer in direct charge of the school to the effect that the teacher possesses the minimum general educational qualification prescribed therefor, that he has put in 5 years' approved service in a recognised school, that he is fit to take the examination by private study.

14. The admission of candidates to the Vernacular Teachers' Certificate Examination by private study is regulated as hereunder:—

(a) *First Examination*—

(1) Persons who had sat for the Lower Secondary Training Examination (one year or two years' course) under the old rules and failed therein.

(2) Persons who had sat for the Upper Secondary Examination under the old rules and failed in one or both the groups.

(3) Teachers in recognised schools who have put in 5 years' service or more and who have had no chance of being deputed for training by the department may be admitted to the examination subject to the condition that they possess the minimum general educational qualification prescribed for the examination and subject to the production of the kind of certificate prescribed for the Teachers' Certificate Examination.

(b) *Second Examination*—

(1) Persons who have passed the Upper Secondary or S.S.L.C. Examination.

(2) Persons who had appeared for the First Examination by private study and passed therein.

15. It should be clearly understood that the provisions in this notification do not in any sense supersede the detailed notifications relating to the several examinations and that the provisions in the detailed notifications should be fully satisfied before any candidate is registered for the examination to which he seeks admission.

DISTRIBUTION OF TEXTILES.

No. T1.—2272—48-49. It is hereby notified for the information of the public that with a view to restricting the rise in prices of cloth and yarn, and to make available the above, to the consumer at controlled rates, the Government of India have announced their Textile Policy on the main features of the policy are that control over production in the Mills and the fixation of ex-Mill prices rest with the Textile Commissioner, Bombay, and the Provinces and States are allowed to fix the margin of profits to the various classes of dealers and to arrange the distribution through such agency as the Provincial or State Government may consider suitable in their respective areas.

2. On the lines of the legislations passed by the Central Government the following Acts have been passed in Mysore to give effect to the future Textile Policy in Mysore State.

1. The Mysore Textile (Control) Order, 1948.
2. The Mysore Cotton Cloth Dealers' (Licensing) Order, 1948.
3. The Cotton Yarn (Control of Distribution) Order, 1948.

3. The Government of Mysore have decided to arrange distribution of cloth and yarn through the usual trade channelsa nd have retained three links in the chain of distribution *viz.*, Procurers, Wholesale Dealers and Retailers. Wherever it is found necessary and feasible, services of well organised Co-Operative Societies will also be made use of.

4. A procurer cannot be a wholesale dealer and *vice versa*, and the dealers are not entitled to more than one margin of profit, where a procurer is also a wholesale dealer, as in the case of yarn, the party is entitled to wholesale margin only and the procurers' margin should be remitted to Government.

5. The procurers would procure the cloth and yarn from the Mills for which they have been appointed as procurers. They are entitled to charge over ex-mills rates ½ centage which they have to remit to Government, 1½ per cent procurers, margin which they could retain for their services and ¼ per cent to cover handling charges. Thus when the goods, pass their hands, it should not exceed 2¼ per cent over ex-Mills prices in the case of goods of local mills. As regards procurement of cloth and yarn from mills outside Mysore State, they have to charge ½ centage which they should remit to Government and 2 per cent procurers' margin to be retained for their services and 2 per cent transport charges for moving the goods from outside stations to Bangalore. Thus in the case of goods from mills situated outside Mysore, it should not cost more than 4½ per cent over ex-mill rates when the goods leave the procurers' hands.

6. *Wholesale Dealers*:—The wholesale dealers are the class of dealers who receive bulk supplies from procurers as per allotment from the office and who in turn supply to the retailers linked to them. They are entitled to 3 per cent over ex-mill rates and ¼ per cent for handling charges. Thus they should charge over their purchase price (which should not exceed above the levels stated in para 5) and add 3¼ per cent and release the goods to the retailers.

7. *Retailers*:—The retail dealers who remove the goods from the Wholesale Dealers and arrange distribution to the consumers, are entitled to 9 per cent calculated on ex-mill rates. Where a wholesale dealer delivers cloth or yarn to a retailer in the centre of distribution instead of from his godown, he is entitled to 1¼ per cent extra of ex-mill rates to cover the transportation charges. When a Retailer attached to a Wholesale Dealer elects to purchase goods from the Wholesale Dealers, ex-Godown, the Wholesale Dealer should not claim 1¼ per cent but the Retailer should be entitled to charge the same on the consumers in addition to the margin of profit allowed to him *i. e.*, 9 per cent. When the goods are delivered to Retailers within the limits of Bangalore City and C. &. M. Station neither the Wholesale dealers nor the retailers charge the 1¼ per cent transport charges. In effect, the maximum retail selling price should not exceed 15¾ per cent and 18 per cent over ex-mill prices in respect of local and outside Mysore goods respectively exclusive of octroi and sales tax, and other taxes in force in places outside the limits of Bangalore City and C & M Station.

8. The maximum selling price should not exceed 14½ per cent and 16¾ per cent over ex-mill prices in respect of local and foreign mill goods when sold in Bangalore City and C & M Station.

9. While calculating the percentage of margins, or expenses allowed to each class of dealers, the percentage should be calculated on ex-mill rates and not on the purchase price.

10. *Selection of Retailers*.—The Deputy Commissioners of each district have been requested to furnish a panel of names of retailers on the basis of 5 dealers for each hobli within their jurisdiction. The list would be scrutinised in this office with the available records and final list would be prepared after eliminating such of those on whom there had been complaints during the previous controls such as hoarding, profiteering, black-marketing, smuggling, case of refusal to sell cloth and yarn, non-maintenance of records etc.

11. Since the number of retailers was unmanageable as it existed during the previous controls, it has become imperative to reduce the number to a manageable minimum.

12. When once the procurers, whole salers and retailers, are selected, the parties would be intimated to remit the License fee to the treasury to the head of account to be specified and to forward their applications to this office in the prescribed form (No. A. Schedule) as per the Mysore Cotton Yarn (Control of Distribution) Order, 1948, and form II of the Mysore Cotton Cloth Dealers Licensing Order, 1948, published in the Extraordinary Gazette dated the 4th September 1948. They should follow the form referred to above and no separate forms will be supplied from this office. The fee payable by the dieffrent classes of dealers as per Notification No. SD. 1756-C. 0. 3-48-1 dated 3rd/4th September 1948, Rule 6 of the Mysore Cotton Cloth Dealers' Licensing Order of 1948 and rule 4 of the Mysore Cotton yarn (Control of Distribution) Order, 1948, is as follows:—

Wholesale Dealers.	Rs. 100/- p. a.
Retailers.	15/- p. a.

13. *Method of Distribution*:—The distribution of yarn and cloth in Bangalore City and Civil Station area would be arranged by this office. The distribution in other places will be entrusted to the Deputy Commissioners of each District. The Deputy Commissioners have also been requested to suggest six names for each Taluk to form Taluk Advisory Committees to advise the distribution in each taluk as would be arranged by the Departmental staff.

M. K. APPAJAPPA,
Controller.

Government Order No. Fl. 582-85—G. F. 53-43-5, dated the 8th August 1944, sanctioning (i) the transfer of work of the audit of the accounts of the several Municipal High Schools to the Financial Branch of the Education Department, and (2) the entertainment of an Accountant on Rs. 60–5–100 in that office to attend to the work.

2. Letter No. 24—C.L.A.D. dated the 12th July 1946, from the Comptroller, requesting in the circumstances explained, sanction for a revised procedure in the method of accounting in the Municipal High Schools.

3. Further letter No. 40—C.L.A.D. dated the 7th August 1947, from the Comptroller to Government.

Order No. Fl. 3035-3104—G. F. 189-46-3, dated the 4th October 1948.

The Comptroller states that at present the local auditors of his office have no scope to check the transactions relating to the Municipal High Schools appearing in the account of the Municipality with reference to the initial records maintained in the High Schools as it rests with the Financial Branch and that the Financial Branch of the Education Department could not satisfactorily scrutinise whether the amounts drawn out of Municipal funds have been duly accounted for in the books of the High Schools, since the Municipal Accounts are not subject to its scrutiny. The Comptroller also states that at present the entire transactions relating to a Municipal High School could not be booked in one place, as they are maintained by two different authorities, *viz.*, the Head Master and the Secretary who maintain separate accounts of different items though the accounts maintained by them separately relate to the High School proper. To ensure the entire transactions of a Municipal High School being booked in one place and to facilitate better scrutiny of accounts, the Comptroller has proposed a revised procedure, in the method of accounting in the Municipal High Schools as follows:—

(1) A fund account to be opened by opening a Savings Bank Account in the official designation of the Secretary of the Committee of Management concerned and the Municipal Council required to pay the sanctioned quota for the year in full in advance, all the other receipts such as contributions, school fees, departmental grants, etc., being also credited to the Savings Bank account. If there is delay in obtaining sanction to the Budget estimates of the Municipality, the Municipal quota may be credited monthly or quarterly in advance based on the previous year's budget sanctions subject to suitable adjustments after the Budget is sanctioned. The equipment grant payable by the Municipality according to sanction should also be deposited in the Savings Bank Account. The amount required for expenditure will be withdrawn by the Secretary at the request of the Head Master and paid to the Head Master who will account for it in the cash book as the amount received from the Secretary. Any excess expenditure over the receipts will also be borne by the Municipality and paid to the Savings Bank account.

(2) In places where there are no Treasury facilities, the Savings Bank account in the nearest Treasury will have to be opened, all collections being daily credited to the Municipal Funds for issue of crossed cheques in favour of the Head Master in lieu of cash received on each date, these cheques being sent to the Treasury by the Head Master once a month for transfer credit to the Savings Bank account through one of the staff of the Municipal High School, when he goes to the Treasury for encashment of establishment bills at the beginning of each month.

(3) The initial accounts of the Municipal High Schools (including payment vouchers) will be subject to Local Audit by the staff of the Financial Branch of the Education Department as hitherto in accordance with G. O. No. Fl. 582-85—G.F. 53-43-5, dated 8th August 1944. In addition, the Comptroller may arrange for the post audit of the bills relating to Municipal High Schools (after payment) in the Financial Branch of the Education Department, when found necessary and possible.

2. Government are pleased to sanction the above proposals of the Comptroller.

3. The proposal of the Comptroller to make the Head Masters *ex-official* Secretaries of the Committee of Management is not however acceptable and the existing arrangement will continue.

4. The Comptroller is requested to issue clear instructions to the Municipalities.

NOTE ON THE DISTRIBUTION OF CLOTH AND YARN IN THE MYSORE STATE.

TEXTILE POLICY OF THE GOVERNMENT OF INDIA.

With a view to restricting the rise in prices of cloth and yarn, and to make these commodities available to the consumer at controlled rates, the Government of India announced their Textile Policy. The main features of the policy are: (i) control over production in the Mills and fixation of Ex-Mill prices by the Textile Commissioner, Bombay, and (ii) permitting the Provinces and States to fix the margin of profits to the various classes of dealers, distribution being arranged through such agencies as the Provincial or State Governments may consider suitable in their respective areas. The Central Government have however, given a direction that "all production in future should be procured by the States and and Provincial Governments through the nominated buyers acting on behalf of Provincial and State Governments on the lines of All-India Cloth Distribution Scheme in force."

It was also made clear that it would be the duty of these buyers to purchase cloth under purchase authorisation on the Mills issued by the Textile Commissioner, Bombay, and to transport the bales purchased by them to the Provinces and States for distribution to wholesale and retail dealers approved by the Provincial and State Governments.

The buyers should remove their purchases from the mill godowns within a month of issue of these permits, after which the allocations covered by them will lapse and will go back into the All-India pool.

The new scheme of control contemplates the sale of a proportion of the allocations of cloth made to any Province or State through Government-owned or Government-controlled shops. The fixation of this proportion is left entirely to the discretion of the Provincial or State Governments, but it is suggested that it should be fixed with prudence and altered, if necessary, as experience is gained and the necessary organisation is built up. The Government of India suggest that consumers' co-operative societies should also be set up and a portion of cloth distributed through such societies. The balance of cloth should be distributed through the normal trade channels on licenses. Such licenses should be freely given so that there may not be any room for corruption at this point.

It is left to the Provincial or State Governments to decide whether or not any scheme of rationing should be introduced.

The Government of India emphasise that, whether a scheme of individual rationing is introduced or not, adequate attention should be paid to the rural parts of every Province or State. The possibility of distribution through Village Panchayets and Co-operative Societies or such other agency depends upon local conditions.

The licensing of the wholesale and retail trade would appear to be unavoidable. It has been suggested that steps be taken to license all those dealers in the trade whom it is decided to allow to continue. It is doubtless true that it is desirable to keep the cost of distribution at a minimum by reducing the length of the chain of distribution, but this should not be done by throwing out of besiness any large number of traders except for sound reasons. This is very largely a matter for Provincial or State Governments to decide and in taking a decision, the Government concerned would doubtless be guided by the experience of the distribution prior to January 1948.

ACTION TAKEN IN MYSORE STATE.

On the lines of the legislation passed by the Central Government in this respect, the following Acts have been passed in Mysore to give effect to the Textile Policy in the Mysore State:

The Mysore Textile (Control) Order, 1948.
The Mysore Cotton Cloth Dealers' (Licensing) Order, 1948.
The Cotton Yarn (Control of Distribution) Order, 1948.

In conformity with the policy laid down by the Central Government, the Government of Mysore have decided to arrange distribution of cloth and yarn through the usual trade channels and have retained three links in the chain of distribution, *viz.*, State Nominees (Procurers), Wholesale Dealers and Retailers. Wherever it is found necessary and feasible, services of well organised Co-operative Societies will be made use of on a liberal scale.

It has been considered advantageous to keep the three types of dealers quite distinct, and a State Nominee (Procurer) will not be permitted to do wholesale business. and a wholesale dealer cannot also be a State Nominee (Procurer) or a retailer.

The State Nominees (Procurers) will procure the cloth and yarn from the Mills for which they have been appointed as such nominees. They are entitled to charge the following over Ex-Mill rates: 1/2 per cent centage which they have to remit to Government, 1 1/2 per cent procurers' margin (which they will retain for their services) and 1/4 per cent to

cover handling charges. Thus when the goods pass their hands, the price should not exceed 2 1/4 per cent over Ex-Mill prices in the case of goods of local Mills. As regards procurement of cloth and yarn from Mills outside Mysore State, the charges will be: 1/2 per cent centage (which will be remitted to Government), 2 per cent procurers' margin, and 2 per cent transport charges for moving the goods from outside stations to Bangalore. Thus in the case of goods from Mills situated outside Mysore, the price will not exceed 4 1/2 per cent over Ex-Mill rates when the goods leave the procurers' hands.

To ensure that the goods to be procured from Mills outside Mysore State would reach the State and that there would be no leakages in transit, the State Nominees (Procurers) will have to procure the goods to the extent allotted by the Controller of Civil Supplies and the consignee of the goods would be the Controller of Civil Supplies who will register and endorse the Railway Receipts in favour of the procurers. The goods, after their arrival, will be checked by an officer of Civil Supplies Department, and the procurers will then receive the same and store them in godowns and await distribution instructions.

Note:—The ½ per cent centage recovered from procurers on all cloth and yarn procured by them is intended to cover the departmental expenses. It is hoped that the recovery would enable the department to be self-supporting.

WHOLESALE DEALERS.

The wholesale dealers are the class of dealers who receive bulk supplies from the procurers as per allotments from the office and who in turn supply to the retailers linked to them. They are entitled to 3 per cent over Ex-Mill rates and ¼ per cent for handling charges. Thus they should charge over their purchase price 3¼ per cent on release of the goods to the retailers.

The wholesalers would be allotted goods from the procurers as per purchase authorities to be issued in their favour. The purchase authorities would be in triplicate, one to serve as office copy, the second to be handed over to wholesale dealer to enable him to purchase the quantity allotted to him, and the third copy to be sent to the Local Taluk Committee to verify and find out if the wholesaler has actually supplied the quantity and variety of goods allotted to that area.

RETAILERS.

The retail dealers who remove the goods from the wholesale dealers and arrange distribution to the consumers are entitled to 9 per cent profit calculated on Ex-Mill rates. The wholesale dealers should move the goods to the centres of distribution. Towards transport charges, they are entitled to 1¼ per cent besides their margin of profit. When the goods are delivered to retailers within the limits of Bangalore City and Civil Station area, neither the wholesale dealers nor the retailers shall charge the 1¼ per cent transport charges.

In effect, the maximum retail selling price should not exceed 15¾ per cent and 18 per cent over Ex-Mill prices in respect of local and outside Mysore goods, respectively, exclusive of octroi and sales tax, and other taxes in force in places outside the limits of Bangalore City and Civil Station areas. The maximum selling price should not exceed 14½ per cent and 16¾ per cent over Ex-Mill prices in respect of local and foreign mills goods in Bangalore City and Civil Station areas.

While calculating the percentages of margins, or expenses allowed to each class of dealers, the percentage should be calculated on Ex-Mill rates and not on the purchase price.

The distribution of cloth from retailers to consumers will be on coupon system. The coupons will be distributed to all the consumers by about 1st January 1949.

While selecting State Nominees (Procurers), Wholesalers and Retailers, all those old licensees who were in the "black list" and all those whose transactions during the previous controls were not above suspicion will be totally eliminated. As far as possible, only merchants against whom there were no complaints and who have been longstanding in the line of business, will be retained. In addition, a few other persons will be selected as Procurers, Wholesalers and Retailers, particularly from rural parts, who are able and willing to enter into cloth trade to the extent the circumstances would permit.

All co-operative institutions recommended by the Registrar of Co-operative Societies which are financially sound and likely to take up cloth distribution at the retail level, will be recognised as Retailers and arrangements made for distribution of cloth through such societies.

Government Order No. Fl. 582-85—G. F. 53-43-5, dated the 8th August 1944, sanctioning (i) the transfer of work of the audit of the accounts of the several Municipal High Schools to the Financial Branch of the Education Department, and (2) the entertainment of an Accountant on Rs. 60–5–100 in that office to attend to the work.

2. Letter No. 24—C.L.A.D. dated the 12th July 1946, from the Comptroller, requesting in the circumstances explained, sanction for a revised procedure in the method of accounting in the Municipal High Schools.

3. Further letter No. 40—C.L.A.D. dated the 7th August 1947, from the Comptroller to Government.

Order No. Fl. 3035-3104—G. F. 189-46-3, dated the 4th October 1948.

The Comptroller states that at present the local auditors of his office have no scope to check the transactions relating to the Municipal High Schools appearing in the account of the Municipality with reference to the initial records maintained in the High Schools as it rests with the Financial Branch and that the Financial Branch of the Education Department could not satisfactorily scrutinise whether the amounts drawn out of Municipal funds have been duly accounted for in the books of the High Schools, since the Municipal Accounts are not subject to its scrutiny. The Comptroller also states that at present the entire transactions relating to a Municipal High School could not be booked in one place, as they are maintained by two different authorities, *viz.*, the Head Master and the Secretary who maintain separate accounts of different items though the accounts maintained by them separately relate to the High School proper. To ensure the entire transactions of a Municipal High School being booked in one place and to facilitate better scrutiny of accounts, the Comptroller has proposed a revised procedure, in the method of accounting in the Municipal High Schools as follows:—

(1) A fund account to be opened by opening a Savings Bank Account in the official designation of the Secretary of the Committee of Management concerned and the Municipal Council required to pay the sanctioned quota for the year in full in advance, all the other receipts such as contributions, school fees, departmental grants, etc., being also credited to the Savings Bank account. If there is delay in obtaining sanction to the Budget estimates of the Municipality, the Municipal quota may be credited monthly or quarterly in advance based on the previous year's budget sanctions subject to suitable adjustments after the Budget is sanctioned. The equipment grant payable by the Municipality according to sanction should also be deposited in the Savings Bank Account. The amount required for expenditure will be withdrawn by the Secretary at the request of the Head Master and paid to the Head Master who will account for it in the cash book as the amount received from the Secretary. Any excess expenditure over the receipts will also be borne by the Municipality and paid to the Savings Bank account.

(2) In places where there are no Treasury facilities, the Savings Bank account in the nearest Treasury will have to be opened, all collections being daily credited to the Municipal Funds for issue of crossed cheques in favour of the Head Master in lieu of cash received on each date, these cheques being sent to the Treasury by the Head Master once a month for transfer credit to the Savings Bank account through one of the staff of the Municipal High School, when he goes to the Treasury for encashment of establishment bills at the beginning of each month.

(3) The initial accounts of the Municipal High Schools (including payment vouchers) will be subject to Local Audit by the staff of the Financial Branch of the Education Department as hitherto in accordance with G. O. No. Fl. 582-85—G.F. 53-43-5, dated 8th August 1944. In addition, the Comptroller may arrange for the post audit of the bills relating to Municipal High Schools (after payment) in the Financial Branch of the Education Department, when found necessary and possible.

2. Government are pleased to sanction the above proposals of the Comptroller.

3. The proposal of the Comptroller to make the Head Masters *ex-official* Secretaries of the Committee of Management is not however acceptable and the existing arrangement will continue.

4. The Comptroller is requested to issue clear instructions to the Municipalities.

NOTE ON THE DISTRIBUTION OF CLOTH AND YARN IN THE MYSORE STATE.

TEXTILE POLICY OF THE GOVERNMENT OF INDIA.

With a view to restricting the rise in prices of cloth and yarn, and to make these commodities available to the consumer at controlled rates, the Government of India announced their Textile Policy. The main features of the policy are: (i) control over production in the Mills and fixation of Ex-Mill prices by the Textile Commissioner, Bombay, and (ii) permitting the Provinces and States to fix the margin of profits to the various classes of dealers, distribution being arranged through such agencies as the Provincial or State Governments may consider suitable in their respective areas. The Central Government have however, given a direction, that "all production in future should be procured by the States and and Provincial Gov rnments through the nominated buyers acting on behalf of Provincial and State Governments on the lines of All-India Cloth Distribution Scheme in force."

It was also made clear that it would be the duty of these buyers to purchase cloth under purchase authorisation on the Mills issued by the Textile Commissioner, Bombay, and to transport the bales purchased by them to the Provinces and States for distribution to wholesale and retail dealers approved by the Provincial and State Governments.

The buyers should remove their purchases from the mill godowns within a month of issue of these permits, after which the allocations covered by them will lapse and will go back into the All-India pool.

The new scheme ot control contemplates the sale of a proportion of the allocations of cloth made to any Province or State through Government-owned or Government-controlled shops. The fixation of this proportion is left entirely to the discretion of the Provincial or State Governments, but it is suggested that it should be fixed with prudence and altered, if necessary, as experience is gained and the necessary organisation is built up. The Government of India suggest that consumers' co-operative societies should also be set up and a portion of clotb distributed through such societies. The balance of cloth should be distributed through the normal trade channels on licenses. Such licenses should be freely given so that there may not be any room for corruption at this point.

It is left to the Provincial or State Governments to decide whether or not any scheme of rationing should be introduced.

The Government of India emphasise that, whether a scheme of individual rationing is introduced or not, adequate attention should be paid to the rural parts of every Province or State. The possibility of distribution through Village Panchayets and Co-operative Societies or such other agency depends upon local conditions.

The licensing of the wholesale and retail trade would appear to be unavoidable. It has been suggested that steps be taken to license all those dealers in the trade whom it is decided to allow to continue. It is doubtless true that it is desirable to keep the cost of distribution at a minimum by reducing the length of the chain of distribution, but this should not be done by throwing out of besiness any large number of traders except for sound reasons. This is very largely a matter for Provincial or State Governments to decide and in taking a decision, the Government concerned would doubtless be guided by the experience of the distribution prior to January 1948.

ACTION TAKEN IN MYSORE STATE.

On the lines of the legislation passed by the Central Government in this respect, the following Acts have been passed in Mysore to give effect to the Textile Policy in the Mysore State:

The Mysore Textile (Control) Order, 1948.

The Mysore Cotton Cloth Dealers' (Licensing) Order, 1948.

The Cotton Yarn (Control of Distribution) Order, 1948.

In conformity with the policy laid down by the Central Government, the Government of Mysore have decided to arrange distribution of cloth and yarn through the usual trade channels and have retained three links in the chain of distribution, *viz.*, State Nominees (Procurers), Wholesale Dealers and Retailers. Wherever it is found necessary and feasible, services of well organised Co-operative Societies will be made use of on a liberal scale.

It has been considered advantageous to keep the three types of dealers quite distinct, and a State Nominee (Procurer) will not be permitted to do wholesale business. and a wholesale dealer cannot also be a State Nominee (Procurer) or a retailer.

The State Nominees (Procurers) will procure the cloth and yarn from the Mills for which they have been appointed as such nominees. They are entitled to charge the following over Ex-Mill rates: 1/2 per cent centage which they have to remit to Government, 1 1/2 per cent procurers' margin (which they will retain for their services) and 1/4 per cent to cover handling charges. Thus when the goods pass their hands, the price should not exceed 2 1/4 per cent over Ex-Mill prices in the case of goods of local Mills. As regards procurement of cloth and yarn from Mills outside Mysore State, the charges will be: 1/2 per cent centage (which will be remitted to Government), 2 per cent procurers' margin, and 2 per cent transport charges for moving the goods from outside stations to Bangalore. Thus in the case of goods from Mills situated outside Mysore, the price will not exceed 4 1/2 per cen over Ex-Mill rates when the goods leave the procurers' hands.

To ensure that the goods to be procured from Mills outside Mysore State would reach the State and that there would be no leakages in transit, the State Nominees (Procurers) will have to procure the goods to the extent allotted by the Controller of Civil Supplies and the consignee of the goods would be the Controller of Civil Supplies who will register and endorse the Railway Receipts in favour of the procurers. The goods, after their arrival, will be checked by an officer of Civil Supplies Department, and the procurers will then receive the same and store them in godowns and await distribution instructions.

Note:—The 1/2 per cent centage recovered from procurers on all cloth and yarn procured by them is intended to cover the departmental expenses. It is hoped that the recovery would enable the department to be self-supporting.

WHOLESALE DEALERS.

The wholesale dealers are the class of dealers who receive bulk supplies from the procurers as per allotments from the office and who in turn supply to the retailers linked to them. They are entitled to 3 per cent over Ex-Mill rates and $\frac{1}{4}$ per cent for handling charges. Thus they should charge over their purchase price $3\frac{1}{4}$ per cent on release of the goods to the retailers.

The wholesalers would be allotted goods from the procurers as per purchase authorities to be issued in their favour. The purchase authorities would be in triplicate, one to serve as office copy, the second to be handed over to wholesale dealer to enable him to purchase the quantity allotted to him, and the third copy to be sent to the Local Taluk Committee to verify and find out if the wholesaler has actually supplied the quantity and variety of goods allotted to that area.

RETAILERS.

The retail dealers who remove the goods from the wholesale dealers and arrange distribution to the consumers are entitled to 9 per cent profit calculated on Ex-Mill rates. The wholesale dealers should move the goods to the centres of distribution. Towards transport charges, they are entitled to $1\frac{1}{4}$ per cent besides their margin of profit. When the goods are delivered to retailers within the limits of Bangalore City and Civil Station area, neither the wholesale dealers nor the retailers shall charge the $1\frac{1}{4}$ per cent transport charges.

In effect, the maximum retail selling price should not exceed $15\frac{3}{4}$ per cent and 18 per cent over Ex-Mill prices in respect of local and outside Mysore goods, respectively, exclusive of octroi and sales tax, and other taxes in force in places outside the limits of Bangalore City and Civil Station areas. The maximum selling price should not exceed $14\frac{1}{2}$ per cent and $16\frac{3}{4}$ per cent over Ex-Mill prices in respect of local and foreign mills goods in Bangalore City and Civil Station areas.

While calculating the percentages of margins, or expenses allowed to each class of dealers, the percentage should be calculated on Ex-Mill rates and not on the purchase price.

The distribution of cloth from retailers to consumers will be on coupon system. The coupons will be distributed to all the consumers by about 1st January 1949.

While selecting State Nominees (Procurers), Wholesalers and Retailers, all those old licensees who were in the "black list" and all those whose transactions during the previous controls were not above suspicion will be totally eliminated. As far as possible, only merchants against whom there were no complaints and who have been longstanding in the line of business, will be retained. In addition, a few other persons will be selected as Procurers, Wholesalers and Retailers, particularly from rural parts, who are able and willing to enter into cloth trade to the extent the circumstances would permit.

All co-operative institutions recommended by the Registrar of Co-operative Societies which are financially sound and likely to take up cloth distribution at the retail level, will be recognised as Retailers and arrangements made for distribution of cloth through such societies.
